ECE DEPARTMENT

REPORT

ON ISF INAUGURATION

1-12-2014
About IETE:

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognised professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. Founded in 1953, it serves more than 60,000 members through various centres, whose number is 65, spread all over India and abroad. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy. Government of India has recognised IETE as a Scientific and Industrial Research Organization (SIRO) and also notified as an educational Institution of national eminence. The objectives of IETE focus on advancing electro-technology. The IETE conducts and sponsors technical meetings, conferences, symposia, and exhibitions all over India, publishes technical journals and provides continuing education as well as career advancement opportunities to its members.

IETE STUDENTS' FORUM BACKGROUND:

The IETE has built up an impressive strength of student members all over the Country, at both Graduate (AM) and Diploma (SD) levels. A pass in Section A & B makes them eligible for AMIETE / DipIETE respectively. Student chapters of IETE Centres generally take care of the academic / professional needs of these members.

IETE however needs to be well known to all electronics / telecommunication / computer science / information technology students to build awareness amongst them for the mutual benefit. In India, there are nearly 600 Engineering Colleges (affiliated to Universities), over 190 universities and over 750 Polytechnics. Most of these Institutions have Departments of Electronics / Telecom / Computer / IT / Electrical and related areas of direct interest to IETE and prepare the students for BE/B Tech or Diploma Qualifications.

The IETE can play a useful and stimulating role by

- improving the standard of education;
- counselling the students in the emerging new opportunities;
- encouraging outside-the-classroom studies / practical work / seminars etc;
- better employment of the students on completion of their courses;
- substantial increase of IETE membership and its nation wide distributions.

In view of this, it is proposed to establish IETE Students Forum at these Engineering College / University and Polytechnic in the Country, through a massive membership drive in these institutions.
VIT IETE STUDENTS’ FORUM:

It was a moment of great pride and prestige for the Vishnu Institute of Technology (VIT), when a Student Forum of ‘Institution of Electronics and Telecommunication Engineers’ (IETE) was inaugurated here.

IETE student forum of VIT was inaugurated on December 1st, 2014 at Dept. of Electronics and Communication Engineering, Vishnu Institute of Technology, vishnupur, bhimavaram. L.Anantharam (ITS), General Manager, BSNL TELECOM (West Godavari dist); was the Chief-Guest for the function. Speaking on the occasion he pointed the periphery and possibility of ISF in building the future of VIT Students and also delivered a special lecture on the topic “Different modes of Communication (Fixed and mobile communication) to the IETE Student members and the function is graced by Dr..G.R.L.V.N.S.Raju, HOD, Shri Vishnu Engineering College For Women, Bhimavaram and Prof. K. Srinivas, vice principal &HOD (ECE), VIT, Bhimavaram.

A Total 180 students belonging to 3rd & Final year of Electronics and Communication Engineering registered for IETE membership.
