Minutes of Meeting:

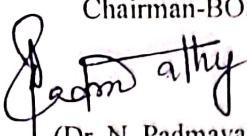

The Chairman of BOS addressed the gathering comprising of all members of BoS–Electronics and Communication Engineering in the Board room of Vishnu Institute of Technology.

The following suggestions are given by BOS members on R23 Regulations Course Structure:

1. It has been decided to follow the course structure and syllabus suggested by JNTUK as it is with slight modification (i.e. up to 10-15%) for the subject BEEE.
2. Include half adder and full adder in electrical and electronics workshop lab instead of flip flops.
3. Include the text book David. A. Bell as reference book for Electronics Subject.
4. Topics in BEEE shall be at very fundamental level and no analysis shall be done. In depth concepts will be covered in future course.

The Course Structure and Syllabus of R23 regulations for I B. Tech Electronics and Communication Engineering has been approved and is enclosed.
