VOL: XVII

ISSUE: SEPT 2018

## SPECIAL POINTS OF INTEREST:

- JUNIOR-SENIOR INTERACTION
- INTERNSHIPS
- FRESHERS DAY CELEBRATION

## INSIDE THIS ISSUE:

- Junior-Senior interaction
- Editors view
- Engg. A sense of humor, revisited
- Internships
- CAST Program
- Teacher's day clicks

## JUNIOR – SENIOR INTERACTION

*To break the ice between new entrants and already existing students a “junior – senior interaction” program was organised at the campus by the management of Department of Mechanical Engineering.*

*The aim of this session was to set up a healthy relationship between fresher's and seniors and make the transition of first-year students from school to college smoother.*

*Senior is a person, who is always willing to lend a hand, be it regarding academics or extracurricular activities. Seniors play the dual role of a friend and a mentor.*

*It is a well-known fact that one needs their seniors in college. This is something that we're all well aware of even before we enter the campus life. In such an alien environment, it is good to have a voice of experience to consult to deal with changes and subjects.*

## EDITOR'S NOTE

I am pleased to release the volume XVII of 'MECHAZINE' which showcases the students' interest to utilize their capability for achieving the compatibility to convert their thoughts into reality. In this volume, the reader will get to know about the internships and CAST Program. Being a Mechanical Engineer, each reader must be connected with different Innovative ideas they may excel their motivation to do something during their engineering journey.

Whenever you think of cracking of any examination or an interview ask yourself if you can, the answer should ever be- "YES, I CAN". Eager to hear you say, "Yes, I can turn my dreams into reality.

## Engineering A Sense Of Humor, Revisited

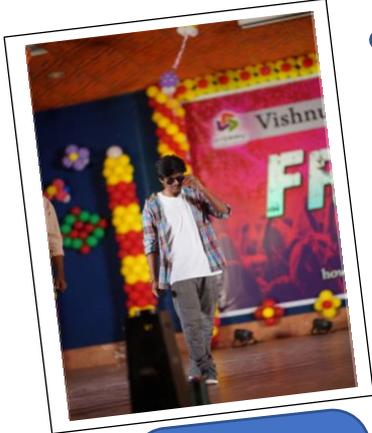

*An engineer was crossing a road one day when a frog called out to him and said, "If you kiss me, I'll turn into a beautiful princess." He bent over, picked up the frog and put it in his pocket. The frog spoke up again and said, "If you kiss me and turn me back into a beautiful princess, I will stay with you for one week." The engineer took the frog out of his pocket, smiled at it and returned it to the pocket. The frog then cried out, "If you kiss me and turn me back into a princess, I'll stay with you and do ANYTHING you want." Again the engineer took the frog out, smiled at it and put it back into his pocket. Finally, the frog asked, "What is the matter? I've told you I'm a beautiful princess, that I'll stay with you for a week and do anything you want. Why won't you kiss me?" The engineer said, "Look; I'm an engineer. I don't have time for a girlfriend, but a talking frog... that's cool!!!"*
